EDUCATION

User Experience Design Certificate | General Assembly | Seattle, WA | 2020

Full-time immersive program included over 450 hours of professional training over twelve weeks. Hands-on practice in user-centered design methods, design thinking skills, industry software tools, team collaboration, and client relations.

Bachelor of Fine Arts | Massachusetts College of Art and Design | Boston, MA | 2014

Photography Major w/ Academic Honors. Studio practice, composition, color theory, critical analysis and articulation taught by leading practitioners in the medium.

PROJECTS

Farechild Mobile Ticketing Application | Farechild Events | Seattle, WA | May 2020

Design Lead for 2.5 week team sprint. Designed and tested key features for new ticketing and event management app concept. Conducted user research, presented future design recommendations, built 2 high-fidelity prototypes (mobile and tablet) for development.

Frameable Virtual Designer Tool | Northwest Framing | Seattle, WA | November 2019

Photographed 90+ variations of frame samples for e-commerce site. Composited texture, tested for seamless tiling in web application, and uploaded files and metadata to CMS.

EXPERIENCE

Designer in Residence | General Assembly | Seattle, WA | August 2020 - Present

- Collaborated with instructional team to plan 12 week design curriculum, project briefs, virtual classroom activities, and a cross-functional team hackathon.
- Tutored and supported 30+ adult learners in an inclusive and friendly remote environment.
- Facilitated weekly design critiques, provided qualitative feedback to individuals and teams.
- Customized and presented lessons on UX topics, assisted with design software demos.

Production Manager | Northwest Framing | Bellevue, WA | May 2016 - March 2020

- Led a team of 4 design colleagues, delivered $60-70k in product sales per month.
- Managed relationships with hundreds of customers and dozens of B2B clients per year.
- Mentored junior teammates, interviewed new hires, wrote yearly performance reviews.
- Proposed and implemented color management workflow for in-house printing program.

Design Colleague | Northwest Framing | Bellevue, WA | April 2015 - May 2016

- Consulted directly with customers to design custom solutions for the preservation and display of memorabilia, paintings, photographs, textiles, and 3D objects.
- Fabricated frames by hand in accordance with best practices for archival art-handling.
